

Dear Member,

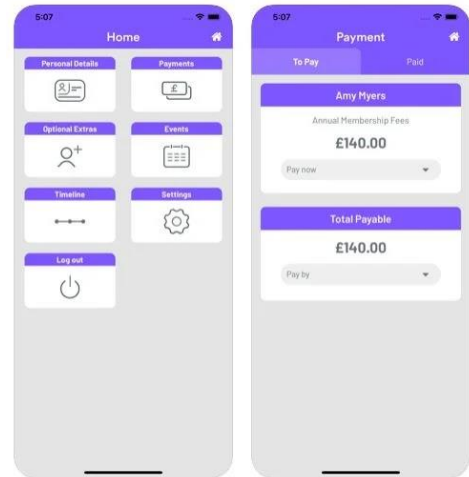

**LoveAdmin**

You will of course be fully aware that Edinburgh Athletic Club utilises an online software powered by LoveAdmin to manage our club members data and to facilitate online payments of membership subscriptions as well as other miscellaneous fees. We also utilise LoveAdmin to maintain and manage our athletes 'attendance registers' for all our club organised training sessions. Which, as you know is critical to our compliance with the current Scottish Government and Scottish Athletics requirements during the Covid-19 pandemic and is vital to assisting with the local authority 'Test & Trace' measures.

LoveAdmin have very recently launched a brand-new mobile application which gives users the ability to log into their personal online Edinburgh Athletic Club membership account. The **LoveAdmin App** allows members to keep their information up to date, register for events, make payments, and view content.

The App is available for smart phones and tablets using either IOS or Android operating systems and can be downloaded free from the Apple App Store or Google Play Store.

We encourage you to download the app and make it much easier to refer to your EAC membership account whilst on the move. It's also quite handy when your broadband or internet is down – you can still use your LoveAdmin app!
