Membership

Renewal

Background Information.

At the Club's Annual General Meeting, the membership annual subscription year period was changed to run from 1st October to the 30th September the following year. This change came into effect from 1st October 2021. This means that the club's subscription year and financial accounting year are now in alignment.

At the same meeting it was agreed to implement the recommendation of the Membership Review Sub-Group report on a revised membership structure to take effect from 1st October 2021. Consequently, the new membership categories are detailed in the table below.

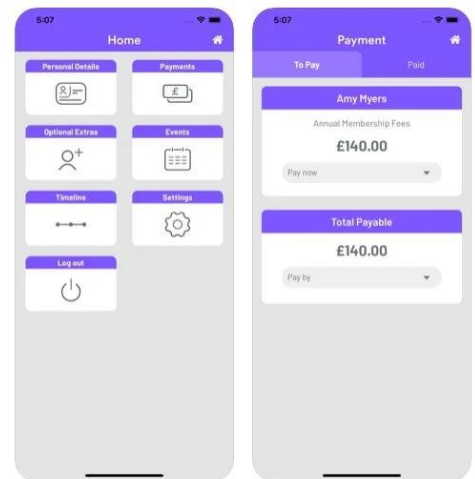

Please note as a gesture of goodwill, to compensate for the detrimental effect of Covid-19 pandemic severely restricting the club's ability to deliver meaningful membership services, the Board of Trustees agreed to waive membership subscription fees for the period 1st January – 30th September 2021.
